

Hotel Recommendations

Williamsburg has dozens of hotels to choose from. Unfortunately many of the hotels are smaller and therefore do not allow us to book room blocks large enough for this event. Each church's budget and group count can greatly affect the number of rooms needed. These hotels are recommendations based on proximity and price point. You are not bound to these hotels. Before booking your rooms please check each hotel's amenities and reviews. Many hotels are still using pandemic protocols and are still having staffing challenges that can greatly impact the quality of the stay. Additionally, Williamsburg is home to many resort/ timeshare communities. You may be able to find someone in your congregation willing to let you use their weeks for this event.
